Mock theta functions and partition-theoretic functions

By

Dr. Min-Joo Jang

The University of Hong Kong

Abstract

In this talk, I will first introduce modular forms, mock modular forms and basics of partitions. And then I will discuss their relationship related to my works.

Date: Thursday, 12 July 2018

Time: 4:30p.m. - 5:30p.m.

**Venue: Room 4475, Academic Building
(Lifts 25, 26), HKUST**

All are welcome!
