The Hong Kong University of Science and Technology

Department of Mathematics

Mini workshop in special functions

Workshop 1:	Yu-Qiu Zhao (School of Mathematics, Sun Yat-sen University) Title: Asymptotics via difference equation methods, with an application to connection problems Time: 1:00pm – 1:50pm Venue: Room 5506 (near Lifts 25 & 26)
Workshop 2:	Kevin Cheung (HKUST MPhil thesis) Title: Liouvillian solutions of some linear differential equations Time: 2:00pm – 2:40pm Venue: Room 4472 (near Lifts 25 & 26)
Workshop 3:	Avery Ching (HKUST) Title: Introduction to Isomonodromic Deformations Time: 3:00pm – 3:50pm Venue: Room 5506 (near Lifts 25 & 26)
Workshop 4	Chiu-Yin Tsang (HKUST) Title: Hypergeometric Function Series with the p -adic Topology for Heun Equation Time: 4:00pm – 4:50pm Venue: Room 5506 (near Lifts 25 & 26)
Discussion	Time: 4:50pm – 5:50pm Venue: Room 5506 (near Lifts 25 & 26)
Dinner	Time: 6:00pm

Date: 16 August 2018

All are welcome!
